Re: Docket No. 2013-275-WS Application of Carolina Water Service, Inc. for Adjustment of Rates and Charges. Referendum re Possible Interconnection of Forty Love Point and Indian Fork Subdivisions with the City of Columbia for Water Distribution Service.

Dear Ms. Boyd:

I am writing to update the Commission on the status of the planned interconnection with the City of Columbia and change to water distribution service for the Forty Love Point and Indian Fork subdivisions. After receiving the results of the advisory referendum last December, Carolina Water Service, Inc. submitted engineering plans for the interconnection project to the City of Columbia. The City's engineering department is currently reviewing the plans. A proposed interconnection agreement and purchased water agreement should be negotiated and submitted for the Commission's approval after the City has concluded its review of the plans.

Please let us know if we can provide the Commission with additional information regarding this matter.

With best wishes, I am,

Sincerely yours,

Charles L.A. Terreni
